

Your Name

Software Engineer

Remote / Your City | hello@example.com | UTC+0

Profile

A template CV placeholder generated from public portfolio content.
Replace content/site/assets/resume.pdf to hot-update this download.

Core Skills

- Frontend Systems: React, Next.js, UI architecture
- Content Workflow: Markdown, JSON metadata, runtime loader
- Security: path guards, no raw HTML, PDF route guard

Template Notes

- Keep personal data out of the template until you customize it.
- The /resume.pdf route serves only this fixed PDF asset.
- Update content/site/site.json for page copy and runtime settings.
